AAU Faculty Member among Top Ten Professors in IT

The CMO Asia named the Dean of the College of Engineering and Information Technology, Dr. Hasan Wahbeh, among the ten best Information Technology professors in Asia for 2012 according to the CMO Asia report. The award announcement was made at the World Education Congress held in Singapore to honor the best faculty member, best college, and best university in Asia.

Dr. Wahbeh expressed his appreciation for the award reiterating that this is an achievement for the entire AAU community: faculty, staff, and administration. This award is a result of relentless effort on all levels at AAU to enhance the educational process and put the university on the regional map of higher education.

He added that such an award is a great motivation to put in more time and effort to better serve the students, university, and community.

On its part, AAU congratulates Dr. Wahbeh for this award wishing him continued success as a

member of the AAU community.
