AAU Students Visit Etihad Center for Disabilities

Al Ain university of Science and Technology students visited Etihad Center for Disabilities to get to know more about the center's services, treatment, rehabilitation, and training programs. The visit falls in line with AAU's commitment to engaging with the community especially with persons with disabilities. The delegation included Ms. Seham Abdel Wahed, AAU faculty member, and a group of AAU students.

The students toured the center's various sections and commended the impressive level of services and programs especially tailored to the persons with disabilities who attend the center.

Mr. Tariq Abu Draa', the ECD Director, welcomed the students, and along with the hearing specialists, speech therapists, and psychologists provided students with a detailed explanation on the sections and purpose of the ECD.

It is noteworthy, that the ECD was established to teach and train children with disabilities in addition to disclosing the talents and weaknesses of healthy children and how to develop those

talents.
