AAU Takes Part in Science Festival Launch Event

In belief in the importance of community engagement, a delegation from the AAU Deanship of Student Affairs participated in the Press Conference to launch the award-winning Abu Dhabi Science Festival (ADSF) organized by the Abu Dhabi Technology Development Committee. Held under the auspices of General Sheikh Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi and Deputy Supreme Commander of the UAE Armed Forces, the third edition of the ADSF will take place from Nov. 14-23, 2013.

AAU is a strategic partner of the ADSF where a group of AAU students will be science communicators during the festival. At an earlier stage, the organizers had trained the students on the content and delivery of the experiments and events during the festival.
