An event at AAU entitled "Select your Future"

The College of Engineering at Al Ain University of Science and Technology, Abu Dhabi Campus, organized an event entitled "Select Your Future" for the student of Grade 12 and Grade 11 from Al Ekhlas School, Abu Dhabi. Which aims to expand the horizons of school students by introducing them to different fields of engineering.

Dr. Amer Qasem, AAU Vice President welcomed the students, wished them to spend interesting and useful time at Al Ain University of Science and Technology.

The event contained a lecture about "Smart Technology" presented by Mr. Zaydoon Hatamleh, also, the students distributed into three groups according to the majors that the student wants to know more.

The first workshop entitled "Digital Logic Design" under the supervision of Dr. Thabit Mismar,

Second workshop entitled "Computer Configuration" under the supervision of Dr. Mohammed Daoud, in addition to the workshop entitled "Games Programming Workshop" under the supervision of Dr. Tareq Elamsy.

The students showed great enthusiasm in the three workshops and expressed their happiness with the new ideas presented to them during the event.
